

75 mm norm - SPIKE blade **tour** \$230

6 hole mount straight onto the ski (no ski brake) 2lbs 14.2 oz (1308 gm)

NTN compatible - SPIKE NT **tour** \$230

6 hole mount straight onto the ski (no ski brake) 2lbs 15.2 oz (1336 gm)

...the 'toe box' is the only difference between blade tour (75 mm norm) and NT tour (NTN compatible)

...add ski brake and heel pad, add 8 oz, and add \$30 (to above assemblies)

(also adds a little complexity getting in and out of touring mode since the ski brake needs to be locked 'up' for touring -see SPIKE details)

**75 mm norm - SPIKE blade **tour** with ski brake and heel pad \$260**

6 hole mount over ski brake 3lbs 5.8 oz (1526 gm)

**NTN compatible - SPIKE NT **tour** with ski brake and heel pad \$260**

6 hole mount over ski brake 3lbs 6.4oz (1542 gm)

**LIFT SERVICE BINDINGS** HAVE BEEFIER TOE BOX WITH LESS ROTATION IN THE OPEN POSITION FOR EASE OF STEPPING IN.

**75 mm norm - SPIKE Telebulldog lift service with ski brake (without touring parts) \$245**

6 hole mount over ski brake 3lbs 5.9oz (1528 gm)

**NTN compatible - SPIKE NT lift service with ski brake (without touring parts) \$265**

6 hole mount over ski brake 3lbs 5.2oz (1504 gm)

...double barrel heel, add 8.2 oz and add \$50 (to above assemblies)

75 mm norm - SPIKE Telebulldog lift service with ski brake and double barrel heel \$295

6 hole mount over ski brake 3lbs 12.6oz (1808 gm)

NTN compatible - SPIKE NT lift service with ski brake and double barrel heel \$315

6 hole mount over ski brake 3lbs 11.8oz (1670 gm)
